PROFESSIONAL SUMMARY

Backend-focused Software Developer with experience building RESTful APIs and implementing real-world business logic using Node.js and MongoDB. Strong focus on inventory management, order lifecycle, and backend architecture. Experienced in authentication, testing, and scalable API design.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript
Backend: Node.js, Express.js
Frontend: React, HTML, CSS
Database: MongoDB, SQL, PostgreSQL, Prisma
Tools: Git, GitHub, Postman, REST Client
Concepts: REST API, JWT Authentication, Role-Based Access Control (RBAC), Inventory Management, Order Lifecycle, System Design

PROJECTS

Football Boots E-Commerce System (Backend-Focused)

MERN Stack

- Designed layered backend architecture (routes, controllers, services, models, middleware)
- Built a complete order lifecycle system with enforced state transitions
- Built inventory logic: stock validation, reservation, deduction after payment, release on cancellation, and return handling
- Developed RESTful APIs for authentication, products, orders, and inventory
- Applied JWT authentication and role-based access control (RBAC)
- Implemented search, filtering, sorting, and pagination for APIs
- Added unit and integration tests (Jest, Supertest)
- Applied security practices (Helmet, CORS, rate limiting)
- Integrated Cloudinary + Multer for file uploads
- Deployed system using Render and Vercel

Pet Shop E-Commerce System (Group Project)

MERN Stack

- Developed backend APIs for products and user features
- Contributed as primary backend developer (~90%)
- Designed API structure and handled frontend integration
- Maintained repository, managing pull requests, resolving merge conflicts, and supporting deployment

WORK EXPERIENCE

Seafreight Import Customer Service
Logwin Air + Ocean (Thailand) Co., Ltd. | May 2020 – Jan 2024

- Coordinated logistics operations with multiple stakeholders
- Ensured accuracy of documentation and processes

Key Account Executive
Logwin Air + Ocean (Thailand) Co., Ltd. | May 2018 – May 2020

- Managed shipment operations for high-priority clients
- Analyzed issues and improved process reliability

Sea Freight Export Customer Service
Logwin Air + Ocean (Thailand) Co., Ltd. | July 2017 – May 2018

- Coordinated export operations and verified documentation

EDUCATION

Bachelor of Education (Guidance Psychology), Srinakharinwirot University
(GPA 3.54, Second Class Honors)

Bachelor of Computer Science (ICT), Sukhothai Thammathirat Open University (Currently Studying)

TRAINING & CERTIFICATIONS

Junior Software Developer (JSD) Bootcamp — Generation Thailand

CODECADEMY CERTIFICATIONS

Fundamentals of Cybersecurity, Web Security (XSS, SQL Injection, CSRF), Database Design (PostgreSQL), SQL Data Analysis

LANGUAGES

Thai (Native) | English (Intermediate)
